Also enclosed is Applicant's Supplemental Information Disclosure Statement, which again lists the references that were cited in the International Search Report that was filed with the Application, but which now supply copies of those references, given the fact that WIPO apparently did not provide copies of those references to the Examiner prior to first examination on the merits of the Application. No fee is anticipated to be required for this Supplemental Information Disclosure Statement, given the fact that the error occurred because WIPO failed to provide the U.S. Patent Office with copies of the International Search Report references, but should the Examiner believe otherwise, please charge any fees that may be due for this late filing of the Supplemental Information Disclosure Statement to Deposit Account 12-2424.
